

## 4-STEP HIGH FREQUENCY BATTERY CHARGER 12V

WET MF EFB AGM GEL **Li-Ion**

### Type: Topcore 1A

This is a **smart battery charger** for motorcycle. After connection, charge is performed automatically until completion, then the **maintenance** mode initiates and keeps the battery in a full state of charge until disconnection, without any wearing. To operate safely, ensure you respect all safety instructions and personal precautions described in the product manual.

#### Technical Specifications

Input:	220-240V, 50-60Hz, 0,2A
Output:	12V(12,8V)-1A
Technologies:	Lead-acid batteries: WET, MF, EFB, AGM & GEL Lithium batteries: LFP (LiFePO4)
